NEW BRUNSWICK TOMORROW: 2008 BIENNIAL RESIDENT SURVEY

Sample: Permanent Residents (18 or older) of the City of New Brunswick
Sample size: 800 telephone interviews

Final Version: March 24, 2008

Initial Screener

Hello, my name is _____. I'm working for the Eagleton Center for Public Interest Polling at **RUTGERS** University, and we are conducting a research study. The purpose of the study is to learn what residents think of New Brunswick as a place to live.

Your participation is important as only 800 city residents have been selected to take part in this study. The survey will take no more than 13 minutes and all your answers are completely anonymous. Anonymous means that I will record no information about you that could identify you.

Your participation is completely voluntary, you may end your participation at any time, and you may skip questions you do not want to answer. May I ask the first question?

IF RESPONDENT DECLINES TO PARTICIPATE, POSSIBLE PROBES:

--Your participation is very important because only 800 people have been randomly selected for this survey and your views will represent many people throughout the state.

IF "DON'T KNOW ENOUGH":

-- There are no right or wrong answers. We are only interested in your opinions. They are just as important as anybody else's.

IF NOT INTERESTED, DON'T WANT TO:

-- Please help me; we could really use your cooperation and we are interested in what you think.
